CTOUCH®

The power to engage

Quick start guide

WIFI MODULE

# Quick start guide
WIFI MODULE

1. Remove the screws and take the plate out. Keep the screws in a safe location, as you will need them later on.

2. Tighten the Wi-Fi antennas in clockwise direction and insert the Wi-Fi module in the Wi-Fi slot.

3. Fasten the Wi-Fi module by turning the screws back in place.
