

FIRST TIME INSTALLATION

WIRED

Plug the LAN-cable into the LAN-port on the bottom or side of the CTOUCH display, to connect to the internet.

FIRST TIME INSTALLATION

When turning on the CTOUCH display for the first time, the below shown installation menu pages will appear on the screen.

Select the desired menu language. Press ► to go to the next page.

Select your location and press ► to go to the next page.

Select your required Energy Mode and press ►.

Select the model you have (depending on the BRIX module that is delivered with the display).

Follow the steps on the screen to connect your display to the internet.

The display will check if there is an update available. After this step the installation is **finished**.

OTHER QUESTIONS

Press the CTOUCH home button and then press on the '!'-icon to open the onboard manual.

		Note: for all audio devices the selected source is audible.

POWER ON / OFF

TURNING THE CTOUCH INTERACTIVE DISPLAY ON OR OFF

1. Plug one side of the power cord into the AC power outlet and the other side into the wall socket.
2. Switch on the Power Switch to turn the CTOUCH interactive display on.
3. The display is in standby mode now. Wait a moment until the power indicator lights up, then press button on the remote or the CTOUCH button on the display, to turn the CTOUCH interactive display on.
4. Press button on the remote or the CTOUCH button on the display again, to turn the CTOUCH interactive display in standby mode.
5. Switch off the Power Switch to cut off the power completely.
Note: The CTOUCH interactive display needs some time to shut off correctly before it can be switched on again. By interrupting this proces the next start up can take longer.
Note: When there is no active source on the CTOUCH interactive display, it will go into stand-by mode after 3 minutes.

CONNECTIONS

- Make sure both the external device as well as the CTOUCH display are turned off, when connecting the external device to the CTOUCH display.
- Check the plugs at the ends of the cables to make sure that they are the correct type, before plugging them into the jacks of the CTOUCH interactive display.

Note: For an overview of the possible external connections, please refer to the CTOUCH user manual on your display. Or visit support.ctouch.eu
